This listing is being provided as a service to New Jersey Residents. The NJDHSS does not endorse or qualify the services of these laboratories. Information on these laboratories indicates that they perform microbiological analyses as well as other indoor air/environmental sample analyses. The American Industrial Hygiene Association (AIHA) offers accreditation to environmental/industrial hygiene and microbial laboratories. Accredited laboratories must participate in quarterly proficiency testing to obtain and maintain their accreditation. Please contact the NJDHSS-Indoor Environments Program at (609) 631-6749 for any questions or comments on this listing.
